

GOTEC Group is an internationally operating, innovative company in the fields of surface coating, plastic injection molding, metal processing, and mechanical engineering, and a strategic partner to the global automotive industry. As we continue to grow, we are always looking for dedicated talent and experienced experts. To strengthen our team, we are currently looking for a:

IT Consultant / Application Specialist ERP (m/f/d)

Location: Wülfrath / Remote / Global Responsibility

Your Profile:

We expect you to think and act independently, to organize yourself well, and to be a motivated, pragmatic team player with a hands-on mentality and a can-do attitude, who is well versed in common office software. In addition, we specifically expect the following from you:

- Degree in IT, Business Informatics, or comparable technical background
- Solid experience with ERP systems, ideally Comarch, SAP Business One, or similar
- Practical knowledge of EDI processes and business process harmonization
- Experience supporting international rollouts, ideally in manufacturing or automotive
- Structured, analytical way of working with a hands-on mindset
- Strong communication skills and ability to work with key users across sites
- Occasional willingness to travel
- Fluent English and Polish required

Nice to Have:

- Ability to collaborate with developers on application development and design
- Practical knowledge of SQL

Your Responsibilities:

If you want to face the exciting challenges of the automotive industry every day and keep a cool head in stressful situations, the following tasks await you after intensive onboarding:

- Support the Team Lead Applications ERP in daily operations and project execution
- Act as key contact for key users across sites on ERP and EDI topics
- Support the rollout and harmonization of Comarch ERP and EDI projects
- Contribute to standardization of processes, master data and best practices
- Prepare and maintain KPI reports and application performance data
- Assist in testing, documentation and training for new rollouts

What We Offer:

At GOTEC, you can expect varied and demanding tasks in a dynamic team with flat hierarchies, as well as excellent professional development and advancement opportunities. Naturally, we provide you with a modern workplace and up to date technical equipment, and we also offer you an attractive salary package.

Take the decisive career step now and send your compelling application, including your salary expectations and earliest possible start date, to: hr@gotec-group.com
